JOB DESTINATION

Node.js Developer

OBJECTIVE

A self-motivated and passionate Node.js developer with knowledge of JavaScript, Express.js, Mongoose, and REST APIs. A quick learner who enjoys working in a collaborative environment and has experience working on small-scale projects. Seeking an opportunity to further enhance my skills and contribute to a dynamic team.

HANDS ON EXPERIENCE

Created REST API server to handle API calls using Express and Node.js

Storing data and performing CRUD operations with MongoDB and Express

Perform API testing with postman

Writing routes and controllers to handle HTTP request and responses

Learned to use Git for version control
